- You must complete this form and hand it to the Local Secretary of your centre, with any fee payable by you, not later than 1 April 1954. If you make any correction to your entry form, you must initial the correction. - You must record your entries in subjects at Ordinary Level on page 2 of this form, by writing the appropriate numbers or letters, as instructed on that page, in the right-hand column.
- Conditions attach to entry for certain subjects. Notes about these are written against them on page 2 of this form and in the list overleaf.
- You may not take papers set at overlapping times in the time-table unless permission has previously been obtained from the Delegates for you to do so.
- Before entering at a centre for any subject which includes a practical test requiring the use of a workshop, or of a laboratory, or of a piano, or of a typewriter, you must satisfy yourself that adequate accommodation and equipment are available at that centre and must ascertain from the Local Secretary of the Centre what fee is payable for their use. The Delegates do not accept any responsibility for the adequacy of the accommodation or of the equipment. The subjects concerned are noted in the list overleaf.
- Apart from the restrictions in 7, 8, and 9 above, you may enter for as many subjects as is desired.
- In certain subjects (Music, Domestic Subjects, and Modern Languages) special entry forms also must be sent to Oxford. Attention is called to these in the appropriate places on page 2.
